Memo for OCS Div Chiefs, sub: Tech
Review of Projects & Applicn
DD/CS

May 8, 1968, at OCS staff meeting a series of technical reviews was initiated by [redacted] DD/CS, to provide sr. OCS management with a better tech understanding of applications; to determine areas where addtl programmer skills and first level tech supervisory attn may be desirable; and to encourage professional concern for efficient and productive program design, coding and check-out. Each project leader conducted a briefing of his project from user rqmts and objectives through program documentation flow, design, methods, operations and technical support provided by OCS. STAT
